Dear Dr. Siti Chairiyah Batubara,

I hope you are doing well.

This email is in regards to the article submission that we spoke about in the recent past, as we are closing the current issue. I would like to invite you for submission for this issue, and also the final article processing fee would be **210 USD** for both articles. And if it is not too early I would like to ask you the possible submission dates hypothetically. Knowing the dates would help us booking for your slots from our review team for peer review.

Looking forward to your reply.
Thank you.

Regards,
Sophie Grace.
