Title: Anti-Aging Potential of Novel Cookies from Sea grapes in Mice Fed on Cholesterol- and Fat-Enriched Diet: In Vitro with In Vivo Study

Journal: Heliyon

Dear Dr. Ngadiarti,

Thank you for submitting your manuscript to Heliyon. We have now received all of the editor and reviewer comments on your recent submission to Heliyon. Your paper should become acceptable for publication pending suitable minor revision outlined below. We ask that you respond to each reviewer comment by either outlining how the criticism was addressed in the revised manuscript or by providing a rebuttal to the criticism. This should be carried out in a point-by-point fashion as illustrated here: <https://www.cell.com/heliyon/guide-for-authors#Revisions> To allow the editors and reviewers to easily assess your revised manuscript, we also ask that you upload a version of your manuscript highlighting any revisions made. You may wish to use Microsoft Word's Track Changes tool or, for LaTeX files, the latexdiff Perl script (<https://ctan.org/pkg/latexdiff>).

To submit your revised manuscript, please log in as an author at <https://www.editorialmanager.com/heliyon/>, and navigate to the "Submissions Needing Revision" folder under the Author Main Menu. Your revision due date is Mar 07, 2022. We understand that the COVID-19 pandemic may well be causing disruption for you and your colleagues. If that is the case for you and it has an impact on your ability to make revisions to address the concerns that came up in the review process, please reach out to us.

I look forward to receiving your revised manuscript.

Kind regards,
Apollinaire Tsopmo

Article Title: Anti-Aging Potential of Novel Cookies from Sea grapes in Mice Fed on Cholesterol- and Fat-Enriched Diet: In Vitro with In Vivo Study
Corresponding Author: Dr. Iskari Ngadiarti

Dear Dr. Ngadiarti,

Your submission entitled "Anti-Aging Potential of Novel Cookies from Sea grapes in Mice Fed on Cholesterol- and Fat-Enriched Diet: In Vitro with In Vivo Study" has been received by Heliyon. However, before we can proceed with the review process we ask you to address the following:

As this submission appears to be an appeal related to your earlier submission, Heliyon-D-21-08377, please provide a point-by-point response to the final reviewer comments provided for that submission, which are included below:

*Reviewer 2:

Methods:

Results:

Interpretation:

Other comments:
This manuscript is missing many information including body weight changes, food efficiency ratio, AST, ALT, BUN, liver weight etc.

Reviewer 3: The paper in its present form is difficult to follow. The quality of the science, methodology, and the overall language are insufficient. Some issues are listed below.

Title needs revision
