Salam Morissan,

Good news, the paper has been accepted with minor correction. Please see below for the comments. So I guess you will do the amendments. Once it is done, I'll have a final look at it.

However, there is a small charges ie USD 75 for the processing/publication fee. I can cover for you and your colleague from Indonesia. I think between me and Tan Gek Siang, We should split the fee (Around USD 37.5 each). What say you?

Thank you
Juliana

REVIEWER COMMENTS

=====

Conclusion should be consisted of major findings of this study. Researchers need to conclude major findings first and then make appropriate suggestions. Suggestions should be relevant to the problem with the explanation that how this recommendation is appropriate in this particular context and what will

be the benefits of this recommendation if implemented as per your findings. Overall study is acceptable with minor correction mentioned above.

Thanks for choosing IJ-ARBSS for your esteemed research.
